

®RasterPlan Side and Rear Walls for the RasterPlan Boltless Racks

The use of ®RasterPlan Tool and Louvred Boards mean that the rear and side walls of a boltless rack can also be used to store tools and small parts. In conjunction with the drawer block, you have an ideal workplace within the Rack Unit.

- Easy assembly due to the use of special fittings
- Side walls only for boltless shelves with a depth of 500 mm

®RasterPlan Rear walls incl. fittings for shelves			
H 450 x W 1000 mm		Tool Board	Louvred Board
light grey		4001.01.1013	4202.01.1013
